

NEW FOE FOR SPAIN NOW IN THE FIELD

FORMIDABLE CARLIST UPRISING THREATENED.

The Adherents of Don Carlos Defy the Government—Spanish Troops in Cuba Desert to the Rebels—Warship Disabled Off Havana and Asking for Assistance.

Madrid, Sept. 18.—There are unmistakable signs in Carlist circles that Spain may soon have to face most serious internal troubles, as well as the uprisings in Cuba, the Philippine islands, and, possibly, Porto Rico.

The Carlist deputies early during the present month took a determined stand against the adoption by the chamber of the bills providing subsidies for the Spanish railroads. They claimed that the money thus appropriated could be better employed in Cuba and elsewhere, protested against the whole policy of the government, financial and political. Later, when the railroad subsidies were adopted, the Carlist deputies withdrew in a body from the chamber.

Under ordinary circumstances—that is to say, if the Spanish government had been hands free—these manifestations would have been followed by repressive measures, including, probably, the arrest of the defiant Carlist deputies. But Premier Canovas claimed not to regard the attitude of the Carlists in a serious light and gave it out that the government was confident that the pope, the clergy generally and the house of Austria would bring pressure to bear on the Carlist chiefs and prevent any uprising. It was also intimated that Don Carlos had promised the pope and Emperor Francis Joseph of Austria, within whose domains the pretender resides, not to do anything which would be likely to hamper the Spanish government in its task of suppressing the insurrection in Cuba and preparing for the possibility of embroilment with the United States.

In an interview with Don Carlos the pretender is reported to have denied that he has entered into any engagement with the pope or with Emperor Francis Joseph not to attack the Spanish regency. Don Carlos is also quoted as adding that, while it is true that patriotism enjoins a peaceful attitude upon his part at present, the same patriotism might counsel a change of opinion, for, he concluded, he is perfectly free to choose the opportune moment to reassert his rights.

The publication of this interview has again set the hearts of the Carlists beating with expectation and it is more than likely a serious reverse to the Spanish arms in Cuba would be followed by an outbreak of the Carlists, who are admitted to be better prepared than ever before to take the field with hope of success.

Soldiers Desert Weyler.

Havana, Sept. 18.—Capt.-Gen. Weyler's order, recently issued, putting line officials in command of irregular guerrilla and volunteer forces, is bitterly resented, and in consequence thereof many desertions are occurring.

Capt. Carraz and Olivarete of Sahua la Grande guerrilla forces, who have long been the terror of residents, naturalized aliens and native pacificos of that vicinity, have been relieved of their commands and both thrown into a local fortress to await court martial. Carraz is alleged to have captured, tied and shot prisoners of war as well as pacificos without the formalities of a trial.

Spanish Warship in Distress.

Key West, Fla., Sept. 18.—Advices report the Spanish cruiser Infanta Isabel as disabled at the entrance to the port of Havana. She has asked for assistance.

HILL TO SUPPORT BRYAN.

Believes It His Duty to Indorse the National Convention.

New York, Sept. 18.—A special dispatch from Washington to the New York World says: "Senator David B. Hill intends soon to announce that he will support Bryan and Sewall. This is authoritative. It is vouched for by no less a person than the senator himself. He has written to friends here that, after long consideration of what his course as a democrat ought to be, he has concluded that it is his duty to accept the decision of the national convention and support its candidates. The senator wishes it to be distinctly understood that he is neither a silver monometallist nor a gold monometallist, but a simple pure bimetalist. Well informed friends of the senator say that he will probably make his formal announcement for the democratic ticket when he indorses the work of the Buffalo convention."

Indiana Veterans Close Reunion.

Laporte, Ind., Sept. 18.—The seventy-third Indiana regiment, which was organized at South Bend Aug. 16, 1862, and commanded by the late Col. Gilbert Hathaway of this city, closed a successful reunion at Westville Thursday. Sidney Beatty of Michigan City was elected president. The next reunion will be held at Michigan City.

Armenians Bound for America.

Marseilles, Sept. 18.—A party of fifty prosperous Armenian refugees arrived here Thursday on their way to the United States.

TALK WITH FRANCIS.

Hampton and Coombs Hold Conference on Union Pacific.

Washington, Sept. 18.—General Wade Hampton of railroads, and W. J. Coombs of New York, government director of the Union Pacific railroad, were in the city Thursday to confer with Secretary Francis over the forthcoming reports relating to the Pacific corporation, and particularly as to the Union Pacific railroad.

The proposition in regard to this railroad contemplates a foreclosure covering the main line of the Union Pacific and the central branch in Kansas and Colorado, uniting Kansas City and Denver. The claim of the United States under its second lien, now amounting to about \$67,000,000, it is said, is to be paid in cash by the purchasers at a percentage amounting to about \$50,000,000.

It is further stated that a syndicate has been organized to purchase the road on the terms, provided the assent of congress can be secured to the arrangement.

RACE TRAIN WRECKED.

Visitors to Ideal Park, Wis., Have a Narrow Escape.

Chicago, Sept. 18.—The racing at Ideal Park came very near culminating in the loss of hundreds of lives last evening when the last in-bound train from the track, running at a speed of thirty miles an hour, crashed into a freight train a hundred yards west of Garfield Park viaduct. As it was, four were injured, as follows:

James Moran, engineer; scalded about head and face and cut in the head.

Nat Butler, fireman; scalded about face and neck.

Jennie Weaver, slightly cut in neck.

Emma Garneau, injured internally and limbs wrenched.

The engineer and fireman were taken to their homes, neither being seriously injured.

Fight for Place on the Ticket.

Des Moines, Iowa, Sept. 18.—It is possible that both the silver and gold democrats will claim to be the real democratic party and scramble to get their nomination papers on file first with the secretary of state. Attorney-General Remley has delivered an opinion in the matter, in which he says that the auditor would be justified in assuming that the ticket first filed under the party appellation is the ticket nominated by the democratic convention. Neither has yet filed nomination papers, although Secretary Carr, of the silver democratic committee, has his nearly ready. The gold democrats are hard at work securing 500 signatures to their petition to get their ticket on the ballot.

Notorious Swindler Dead.

Syracuse, N. Y., Sept. 18.—Orrin W. Skinner died in Auburn prison Thursday, where he was serving a sentence for grand larceny in the second degree. He was one of the most astute swindlers of the United States. His first wife was a daughter of O. H. Browning, secretary of the interior under President Johnson. He came to Syracuse in 1893 and learned where a number of prominent people had their bank accounts. While these people were away he drew checks which he claimed were signed by these persons, and had them cashed. For this he was arrested in Chicago.

Canadians Insist on Gold.

Toronto, Ont., Sept. 18.—Montreal bankers have sent out a circular to the customers of every association bank providing that if desired by the lender, the loan shall be repaid in gold. The Toronto banks will send draft contracts to borrowers to be signed pledging payment in gold, and if the borrowers refuse to sign loans may be recalled.

Lindell Hotel Is Scorched.

St. Louis, Mo., Sept. 18.—Fire in the Lindell Hotel at 11:15 o'clock Thursday evening did \$8,000 damage. The flames at first threatened the famous hostelry with destruction, but that great disaster was averted by the efforts of the fire department, and the scare among the guests speedily subsided.

Henry D. Lloyd Declines to Run.

Chicago, Sept. 18.—Henry D. Lloyd will not accept the nomination for lieutenant-governor of Illinois, which was given him by the "middle of the road" populists Tuesday night. A telegram to that effect was received yesterday in Chicago. The executive committee will meet to fill the vacancy.

Official Returns from Arkansas.

Little Rock, Ark., Sept. 18.—Complete official returns from the recent state election show the following vote for governor: Jones, dem., 91,124; Remmell, rep., 35,836; Files, pop., 13,989; Miller, pro., 742. Total votes 141,120.

More Fighting in Macedonia.

Athens, Sept. 18.—More conflicts are reported to have occurred between Turkish troops and insurgents in Macedonia. News has been received that 100 insurgents have beleaguered the Convent of St. Denys, near Carya.

Trade in Turkey Paralyzed.

London, Sept. 18.—A dispatch from Constantinople to the Times emphasizes the fact of the paralysis of trade there and the jeopardy of £400,000,000 of European capital engaged in enterprises in Turkey.

WHILE THE PEOPLE ARE SEEKING M'KINLEY BRYAN IS OUT SEEKING THE PEOPLE

STEEL WORKERS VISIT M'KINLEY AT CANTON.

Employees of the Edgar Thomson Works Pay Their Respects—Gold Orators Busy Throughout the Country—Want Secretary Carlisle to Speak—Some Political News.

Canton, Ohio, Sept. 18.—A delegation of 3,000 employees of the Edgar Thomson steel works, at Braddock, Pa., came here in three trains at noon Thursday. The delegation carried many flags and banners, and every man wore a badge, on which the name of the great steel plant was printed. The delegation was headed by G. A. R. men. Squads of colored men and Slaves were also in line. The address in behalf of the visitors was delivered by A. L. Jones of the office force of the Edgar Thomson works. In response Maj. McKinley made a long speech on political questions.

Maj. McKinley occupied the greater part of the day in getting ready for

MR. BRYAN DELIVERS SPEECHES ALL DAY.

From 8 O'clock in the Morning Until 11:15 at Night: He Addresses Crowds in North Carolina Towns—His Coming Address at Washington—More Political News.

Raleigh, N. C., Sept. 18.—This city drew from the surrounding country to augment the crowds to meet Mr. Bryan. Nash's park was well filled with admirers of the nominee. They cheered him enthusiastically when he appeared on the platform. Mr. Bryan was introduced by H. W. Ayer, nominee for state auditor on the populist ticket. He made a long speech.

Goldsboro, N. C., Sept. 18.—Mr. Bryan's train arrived here at 11:15 Thursday night. Mr. Bryan addressed large crowds at Selma, Durham, Burlington and Hillsboro. He was greeted by a good-sized crowd here, but did not speak. His train was taken out of town to a siding, and Mr. Bryan slept on board. He intends after the Baltimore

Saturday. There are to be parades both in the afternoon and evening passing the McKinley residence, and the nominee will review them.

Oil City has a unique plan to make a delegation different from preceding ones. Information received is that it is proposed to come to Canton Sept. 24, accompanied by a company of girls from that city, all dressed in white, and representing the states of the union.

Appointment has been made with Maj. McKinley to receive a delegation from Trumbull county Sept. 30. An attempt will be made to bring 5,000.

Roswell G. Horr at Mount Vernon.

Mount Vernon, Ill., Sept. 18.—Thursday was a big day for the republicans of Jefferson county. Early in the morning delegations began coming in, and by noon the crowd was estimated at 20,000. Gen. C. W. Pavey, ex-auditor, presided, and made a short address. Roswell G. Horr then spoke for two hours. At night Gen. Clark of Mattoon addressed a large crowd. Mr. Bowler of Benton addressed an overflow meeting, and Judge Burrell, present congressman from this, the Twentieth, congressional district, and Capt. Johns of Fairfield also made brief speeches.

Senator Allison Speaks in Illinois.

Geneseo, Ill., Sept. 18.—Senator Allison of Iowa opened the campaign at the first day rally held in the north half of the county Thursday. There were large excursion trains from Moline and intervening points west, and from Bureau Junction and intervening points east. Cambridge and the country towns turned out en masse, and Senator Allison was met at the afternoon train from Davenport by 4,000 people, including three bands and several of the marching clubs present, and at once escorted to the stand in the park through streets that were crowded.

Want John G. Carlisle to Speak.

New York, Sept. 18.—The gold democratic party Thursday took possession of its new state headquarters at 39 East Twenty-third street. A committee composed of E. Ellery Anderson, Edward M. Shephard and H. DeForest Baldwin is preparing for the national democratic mass-meeting at Madison Square garden on Tuesday evening next. Gen. Palmer and Gen. Buckner will make brief speeches, and effort is being made to have John G. Carlisle make the leading address.

Warner Miller at Peoria.

Peoria, Ill., Sept. 18.—Warner Miller of New York arrived in the city shortly after noon Thursday and at night addressed a meeting at the Tabernacle. He talked on the financial question at considerable length and answered the address made by Gov. W. J. Stone two nights ago.

BASEBALL REPORT.

Games Played in the National League Yesterday.

When Hanlon's men got to the crucial point in the fight with Cincinnati for first place Washington and Philadelphia played like a lot of dummies before the Baltimore, and the latter clinched another championship. Now, with a safe lead and Boston fighting for position, Hanlon's men make two hits off a sixth-rate pitcher like Sullivan. Somehow the western clubs don't play that way among themselves. Yesterday's scores:

At Baltimore—
Boston 1 0 0 0 0 1 0 0—2
Baltimore 0 0 0 0 0 0 0 0—0
At Washington—
Brooklyn 0 0 0 4 0 0 0 0—10
Washington 0 0 3 0 0 0 0 0—3
At Pittsburg—
Louisville 0 0 0 1 0 1 0 0—3
Pittsburg 0 0 2 0 0 0 0 0—2
The New York-Philadelphia game at New York was called in the third inning on account of darkness.

AGAINST FUSION IN INDIANA.

Populists Place an Electoral Ticket in the Field to Oppose Democrats.

Indianapolis, Ind., Sept. 18.—The populists of Indiana Thursday took a stand against fusion with the democrats and placed a full electoral ticket in the field. The committee decided to make its demand for seven places on the democratic electoral ticket and the withdrawal of Sewall by the national committee. The committee representing the democrats was unwilling to offer more than three electors, and Chairman McNutt said to the populists that it was folly to talk about forcing Sewall off the national ticket. With this answer from the democrats, all negotiations were declared off, and the populists forthwith framed an electoral ticket and made the conference committee of thirteen a permanent state campaign committee. Two years ago the populist vote in the state was 29,500, and the democrats have been counting on most of this for Bryan and the state ticket. Members of the democratic committee say many thousand populists will vote for Bryan and Sewall notwithstanding the action taken.

Mrs. Hopper Makes a Report.

Aurora, Ill., Sept. 18.—The second day's session of the annual convention of the W. C. T. U. of this district Thursday was taken up largely with reports of officers. President Hopper of Bristol reported that the work of the W. C. T. U. is progressing in every department, that four new unions were organized during the last year, and that she had put in 102 days of active work. In the evening there was an address by Helen M. Barker, state treasurer of the W. C. T. U. The convention closes today.

Steamer Three Friends Seized.

Jacksonville, Fla., Sept. 18.—The filibustering steamer Three Friends was seized Thursday at Fernandina by the government authorities. The vessel had just taken on a large cargo of coal and provisions, and was on the point of leaving when the special customs inspector went aboard and took charge. It was supposed that the steamer was on the point of starting on another expedition to Cuba, arms and men to be taken aboard at sea.

Missouri Populists Gain Electors.

St. Louis, Mo., Sept. 18.—There was a joint meeting of the subcommittees representing the state democratic and state populist committees at the Planters' Hotel Thursday. The meeting was harmonious, and an agreement for fusion on the state electoral ticket was reached. Four of the democratic electors will be supplanted by four populists. This will leave thirteen democratic electors.

May Have Been Victims of Holmes.

Chicago, S. P. 18.—Interest in Holmes and his crimes was revived yesterday by the discovery of human bones buried not far from the house formerly occupied by the arch-criminal in Wilmette. The skeleton, or skeletons—it is not yet known whether the bones belong to one or two—are those of a female, and the police incline to the belief that they are the remains of the two Williams sisters, who have never been accounted for.

Prohibitionists Must Petition.

Indianapolis, Ind., Sept. 18.—The national prohibition state committee met Thursday at the Hotel English. Though this branch expects to poll three-fourths of the prohibition vote cast in 1894, being a split from the regular convention at Pittsburg, it goes under a new name and has to present its ticket by petition, signed by at least 500 voters.

Complete Returns from Maine.

Portland, Me., Sept. 18.—Complete returns of Monday's election are at hand. The total vote was: For Powers (rep.), 83,573; for Frank (dem.), 34,841. Republican plurality 48,732.

Death of Enoch Pratt.

Baltimore, Md., Sept. 18.—Enoch Pratt, the millionaire banker and philanthropist, died at 9 o'clock Thursday

IRON BRIGADE MEN LEAVE FOR HOME

THE REUNION AT BARABOO AT AN END.

The New Officers Elected Yesterday—To Place a Monument of Wisconsin Granite at the Tomb of General Gibbons—To Meet in La Crosse Next Year.

Baraboo, Wis., Sept. 18.—The Iron brigade closed a two days' session here Thursday. It was one of the most enthusiastic gatherings ever held. The attendance increased the second day and more members were present than had been expected. At the business meeting the following officers were elected: Secretary—J. A. Watrous, Milwaukee; Treasurer—Otto Schorse, Milwaukee; Chaplain—Dr. S. W. Eaton, Roscoe. It was decided to erect a monument of Wisconsin granite to be placed at the head of General Gibbons' grave at Arlington Heights. The next reunion will be held at La Crosse.

THACHER IS HONORED.

New York Democrats Nominate Him for Governor.

Buffalo, N. Y., Sept. 18.—John Boyd Thacher leads the state ticket for governor, as nominated Thursday by the democratic convention. Wilbur F. Porter was the choice for lieutenant governor and Robert G. Titus was named for the office of judge of the court of appeals. The platform approved the nominations and of the platform of the Chicago convention, and pledges to William J. Bryan and Arthur Sewall the support of the democratic party of the state of New York.

The first plank of the platform is as follows: "The democratic party of the State of New York, in convention assembled, unreservedly indorses the platform adopted by the democratic party at the national convention held in Chicago July 7, 1896; cordially approves the nominations there made, pledges to William J. Bryan and Arthur Sewall its hearty and active support, and declares as its deliberate judgment that never in the history of the democratic party has a platform been written which embodied more completely the interests of the whole people, as distinguished from those who seek legislation for private benefit, than that given to the country by the national democratic convention of 1896."

In subsequent sections the platform denounces the Raines excise law as infringing upon the rights of the citizens; accuses the republican state administration of extravagance; alleges that the legislature has prostituted its powers to partisan ends in legislating democrats out of office; advocates the improvement of roads, and urges amendment of the employers' liability law.

THE TEXAS IS FLOATED.

United States Warship Taken from the Reef Uninjured.

Newport, R. I., Sept. 18.—The United States battleship Texas, which went ashore at the mouth of the harbor here Wednesday, was floated early Thursday and is apparently uninjured. There was no rock under her. Four tugs were required to get her into deep water. The work was accomplished after half an hour's steady strain.

Fusion May Fall in Kentucky.

Louisville, Ky., Sept. 18.—The fusion plan proposed by the populists of Kentucky to the democratic state central committee is hanging fire pending, it is believed, further advices from the democratic national committee. The populists want two electors and two congressmen, and, while the democrats are willing to concede the electors, they are unwilling to give them the congressmen. Chairman Parker of the populist committee has announced that any further proposition must come from the democratic party, and a full populist electoral ticket has been put out. In the close districts populist candidates for congress are in the field, and at this time the prospects for fusion are poor in the extreme.

Good Steel Made in Alabama.

Birmingham, Ala., Sept. 18.—The final tests of steel making by the New Jefferson Steel plant have been pronounced satisfactory by prominent iron men and metallurgists from Chicago who have been in attendance. It is claimed that the tests demonstrate that steel can be made in Alabama several dollars cheaper per ton than elsewhere in the United States. Preparations are being made to operate the Jefferson plant permanently, increasing its capacity to 500 tons.

Murdered His Son-in-Law.

Moherly, Mo., Sept. 18.—Charles W. Grimes, a highly respected citizen of this county, living near here, shot and killed his son-in-law, Luther Whitmore, Thursday. Grimes learned a few days ago that Whitmore had led a younger daughter astray while visiting at home last winter. They met, and the enraged father shot the young man five times and then rode to town and gave himself up.

Banker Culver Sent to Jail.

Logan, O., Sept. 18.—Lawrence A. Culver, the former banker charged with embezzlement, held under \$10,000 bond for his appearance Sept. 21, could not secure bond and he was sent to jail.

S. C. CARR WRITES OF LIFE IN SPAIN

MILTON JUNCTION MAN NOW AT GIBRALTAR.

He Visits Historic Places, and Sees Novel Sights—Country Much Behind the Times—Gossip From Fulton, Afton, Shopiere, and the Other County Towns.

GIBRALTAR, August 30.—EDITOR GAZETTE:—We have just returned from a week's trip in Spain. They use the same kind of plows that were used two thousand years ago. They cut their grain with a sickle; tramp it out on the ground; winnow it in the wind; sack it, and the donkeys carry it on their backs to the station, one man driving eight or ten of them, one after another. No wagons are used. Sometimes a cart is seen where the country is level enough. Corn is shelled by hand; sacked; and sent to market the same as wheat. We have seen thousands upon thousands of acres of olive orchards, oranges, lemons, grapes and all kinds of fruit in abundance. Cork trees, some of them two or three-half and three feet in diameter are very thick in places. The bark is taken off every four or five years and then it grows on again. There are no fences in Spain and stock is all herded. Thousands of goats are seen. They furnish milk for the people. One woman will drive five or six of them through the streets, with a cup, night and morning, and stop and milk wherever they find a customer. No adulteration this way. Ronda is on a mountain one thousand feet high, seventy-five miles north of Gibraltar.

Roman Handiwork Apparent. Numerous traces of Roman construction are visible in the walls, gates and castle altered and adopted by the Moors. The old Roman aqueduct is well worth seeing. Antegura is an important Roman city. It was recovered from the Moors in 1410 by Ferdinand. We stop here one day. The large cave outside the city is said to be one of the best prehistoric monuments in Spain. Granada is our next stop. It is here where Ferdinand and Isabella slumber side by side in a vault under the chapel adjoining the cathedral. We went down the iron stairway and stood beside the leaden coffin that held the remains of the royal dead. The Alhambra hill with its beautiful walks and drives and palaces costing millions of dollars, is said to be the finest in the world. Granada is the end of railroad and at evening and early morning there can be seen the seven horse stage coaches filled with passengers, the rider on the lead horse sounding his bugle, driver cracking his whip, and every horse upon a run. Shaking the bells upon each creates quite a stir for a few minutes.

Sat On Historic Seats. Here we saw the first sugar beet factories, eleven in number. Seville is our next stop. It has 200,000 inhabitants. We take a cab and ride six miles out to the old city, Italica. It was the birthplace of three Roman emperors and was founded B. C. 210. The amphitheater, just outside of the old walls, seating, upon its stone seats, 20,000 people, is where the Christians and slaves fought for their freedom with the wild beasts that were let loose upon them. The stone seats are in a good state of preservation. We sat down upon them and thought of the bloody battles these men had for their freedom—which very few of them gained only by death. Returning to Seville, which city Julius Caesar captured, Aug. 9, B. C. 45 and made it his capital and gave it the name of "Little Rome," we find the old Moorish aqueduct that brought water into the city from several miles in the country, in a good state of preservation. There is a tobacco factory here 662 feet by 524 feet and employs 5,000 women and girls. They make into cigars and snuff, 10,000 pounds of tobacco a day.

According to the best authorities from 1481 to 1608 there was burnt at the stake, by the Inquisition, 34,613 persons and 288,109 were imprisoned. The goods and chattels of every one of them being first duly confiscated. We take the boat for Naples today.

BASS CREEK THREATENED AFTON

Stream Was Unusually High—Capt. Pliny Norcross to speak.

Afton, Sept. 18.—The heavy thunder storm of Saturday night did quite a bit of damage to roads and bridges in our town, and raised Bass creek to a point seldom reached, even by that erratic stream. It was feared at one time that the mill dam would give way, but happily that catastrophe was averted. On Friday evening of next week Captain Pliny Norcross of Janesville, will speak to the people of Afton and vicinity on the political issues of the day. The meeting will be held at Lawton's hall and all are cordially invited to attend and hear the eloquent captain as he discusses these questions of so much importance to every American citizen. Afton school opened last Monday with Frank P. Starr in command. William Brinkman, proprietor of the Afton creamery, had the misfortune to have two fingers of his right hand severely injured recently by having a tub of butter fall thereon. Dr. Bennett of Beloit, dressed the injury. Mrs. P. M. Whitford and daughter of Madison, S. D., have been spending a few days as the guests of Mr. and Mrs. Frank H. Otis.

SOCIAL NOTES FROM FULTON.

Young People Plan an Entertainment—Class Entertained—Other News.

Fulton, Sept. 18.—Next Sunday

evening a good programme will be given by our young people, which will consist of songs and music. All those who can, should come out. Miss Mable Hopkins entertained her class in a very pleasing manner, Monday. The afternoon was very pleasantly passed in social intercourse, partaking of refreshments and listening to short talks from different members of the company. Mr. and Mrs. Peter Halverson and daughter Flossie, passed last Sunday in Albion, with friends. Sperry Brothers are doing good work with their large steam thrasher. The farmers are all anxious to get the boys to do their threshing, before going to other neighborhoods. They do good work. Mrs. Hannah Donge and daughter, Sue VanSkoik and Mrs. Elizabeth Brown, passed the last of the week up near Madison, with D. Brown and family. A very enjoyable time resulted. Captain Pliny Norcross, of Janesville, was in town last Sunday for a short time. Robert Lee is in Janesville. School commences next Monday, with Miss

C. Hallet and J. Kutz visited Edgerton, Saturday night. C. Hudson and family went to Madison, Saturday. N. Freedenall has purchased a carriage horse. Mrs. David Albertson is spending a few days with his parents Mr. and Mrs. R. Cutts. J. McCan went to Janesville on business Saturday. John Lackner and wife of Southeast Fulton called on Mrs. Lackner's parents Sunday. Mr. and Mrs. McCarthy spent Saturday with Mr. and Mrs. C. Hallet. Mrs. J. L. Stewart, of Edgerton, visited her parents of this village one day last week.

Funeral of Mrs. Harriet Holmes. Beloit, Sept. 18.—The funeral of Mrs. Harriet Holmes was held from St. Paul's church this afternoon. Mrs. Holmes died at her late residence on Euclid avenue, at the advanced age of eighty-seven years. Mrs. Holmes was the widow of the late Elbert Holmes, who died five years ago on the farm north of the city. Both were life long members of the Episco-

Miss Georgie Gove accompanied Miss Nellie Rumlil to her home in Janesville for a short stay. This is fair week and weather permitting a large number from here will attend. Mrs. Clark and Mrs. Clancy of Evansville, were the guests of Mrs. E. Brown last Wednesday. Mrs. Brown will make her home with Mrs. Clark this winter. Mrs. Hannah Dodge and Mr. Sue VanSkoik passed last Wednesday in Edgerton, the guest of Mrs. Hattie Stewart. Mrs. Lena Stewart and children returned home Saturday from Edgerton, where they have passed the last three weeks visiting relatives. The ladies of the W. C. T. U. will hold their next meeting at Mrs. Hattie Brown's, Thursday of next week at 3 o'clock. All interested in this work invited. The Junior Endeavor society are nicely at work. We are proud of the new band. People should give it all the encouragement they can. We hear praises of their flower mission work already. Let us all help and be helped thereby.

SHOPIERE ROADS CUT UP BY STORM

Grain That Was Not Threshed Also Damaged—Other News.

Shopiere, Sept. 18.—The heavy rains of the past week have done considerable damage to the roads in this vicinity and to the grain that is not threshed. Some of the stacks are looking green. Mrs. Mary Holmes, who has been very low the past week with lung trouble, is a little better. Clark Shimeall of Nebraska, is visiting in this place, as is also Samuel Shimeall from Chicago. Miss Emma Curtis of Chicago and Mr. Charles Bell of this place, were married on Wednesday evening, September 16, at the home of Mrs. Bell's aunt, Mrs. Humphrey Clark. Henry Parker from Rock Falls, Ill., is spending a few days in this place. Dawitt Parker visited relatives at Fort Atkinson, the past week. Arthur VanValen of Rockford and Bert of Janesville, are home for a few days. There are a good many loads of sugar cane coming to Barker's mill now days. Ed Hopkins is home. He went to Cripple Creek last spring with a horse and wagon. His brother went with him. Waldo Scott and wife from Racine, and Wallace of Chicago, are at home with their parents, this week. Thomas Atkinson, will put in his time at Beloit college this fall and winter.

PERSONALS FROM INDIAN FORD.

Indian Ford, Sept. 18.—G. L. Charnberlain is on the sick list. E. L. Ward went to Stoughton, Saturday, on business. Miss Anna Grada, of Elgin, Ill., is visiting her old home in Burr Oaks for a few days. Mrs. Peter McCann has returned from Janesville, where she has been visiting for a short time.

THE TOBACCO MARKET IS QUIET

Leaf Is Coming Out Nicely, But Trade Is Slack.

Local tobacco market conditions jog along in the same old rut they have followed for some weeks past, and at a tardy and lagging pace, says The Janesville Leaf. A little excitement was injected into the market by the rumor that an eastern dealer had purchased a few crops of '98 in this county.

We are unable to learn the names of the parties who are reported to have sold, nor the prices paid.

There is but little riding being done in quest of old goods, and but few sales reported from the warehouses. Sales reported are forty-four cases of '91 and 27 cases of '93 bought, and fifty-one cases sold by S. B. Heddles.

We have had a great deal of rain during the past ten days, and a few farmers have already taken down a small portion of their tobacco, preparatory to stripping.

The tobacco is curing out very nicely so far, and with good color and texture.

PASSENGER TRAIN IN DANGER

Fond du Lac Express Came Near Being Derailed on High Bank

The Fond du Lac passenger, in charge of Conductor Neal Mahoney, came near being thrown down the thirty foot embankment at the River street crossing while passing the switch. Engineer Suleck pulled out of the depot ten minutes late and in passing the Evansville cut off switch the front wheels of the engine failed to catch the switch for the reason that the points on the switch rail were sprung. The slow speed at which the train was going was all that prevented a serious accident.

FORTY WILL GO TO SCHOOL HERE

Large Class From Outside the City at the High School.

When the city schools open the largest class from out of town in the history of the city schools will probably be present. Prof. Mayne has received numerous letters of inquiry and School Commissioner Clemons says that from the present outlook at least forty pupils from out of the city will attend.

A New Shoe For Ladies.

A foot covering that will be most popular with ladies this year, is that of which we have just received a large invoice. Its a round toe crown kind, slipper fox, in either button or lace, and sells at \$3. It certainly is a remarkably pretty shoe, and will give the foot a set-off that is desirable. A. DANCE HOURS AWAY AT THE ARMORY

BROTHERHOOD OF RAILWAY TRAINMEN'S PARTY.

Decorations Were Handsome, the Music Delightful, and the Whole Affair One of the Most Successful of the Season—Names of the Guests Present.

OR eleven years, the railway trainmen of Janesville, have been holding their annual dancing party in Janesville, but never was a more enjoyable one given than that of last night. The Brotherhood of Railway Trainmen were the hosts, and the event took place in the Armory. For the past three weeks the trainmen have been making preparations, and planned to make the party the event of the season. In this their fondest hopes were realized. The big hall presented a most novel and handsome appearance. Lanterns with red, white and blue globes were hung in lines across the room, while from the balcony a big headlight threw its powerful rays to the floor below.

Rendered Fine Music. The orchestra stand was decorated handsomely and the emblem of the order formed the main figure. Prof. Smith's orchestra of eight pieces furnished delightful music and introduced for the first time, a number of "specialties" that were pleasing and original. The program consisted of twenty-five numbers and at an early hour this morning the gay dancers swirled about to the strains of "Home Sweet Home." The event was one the most successful parties in the history of the Brotherhood, and much credit is due to the committees: Arrangement—J. J. Dulin, chief; M. F. Dulin and E. C. Gilmore. Floor—J. J. Dulin, chief; J. L. Camis, D. H. Grimes, M. M. Norton, J. B. Griffin and John Queeney. Among those present were:

THE OVERFLOW OF LOCAL NEWS.

THE COAL BARONS RUN THE MARKET

CONSUMERS HAVE NO SHOW
THESE DAYS.

The Production Is Curtailed So That
the Price Is Always Maintained—
Combination Is a Very Strong One
—Some Facts and Figures—Dealers
Are Powerless.

Janesville people who have not yet bought their coal are much interested in knowing what will "happen next" but the more figures that are obtained regarding the business methods of the coal barons, or in other words, the railroads which control the anthracite coal of regions Pennsylvania, the more apparent does it become that the monopoly is one of the most grasping as well as one of the most perfectly organized in the country. As has been previously stated, the presidents of the several railroads which are interested in the coal fields get together once a year and adjust the output for the season to follow so that each interest shall be able to make a large percentage of profit. The total output is decided upon in advance and each railroad or company is allowed to mine or ship a certain percentage. If a road mines or ships in excess of the amount allowed it, the other parties to the agreement immediately pounce upon it and bring it back into line.

Division of Output.
As showing the extent to which this division fluctuates from year to year, the following table is given showing the percentage of the total output to which each one of the organizations having interests in the coal fields were entitled by agreement for the years 1894, 1895 and 1896.

	1894.	1895.	1896.
Reading R. R.	20.02	21.47	20.50
Lehigh Valley	15.52	15.81	15.65
Jersey Central	11.71	11.52	11.70
Del. Lack. & Western	14.49	13.16	13.35
Del. & Hudson	9.65	9.34	9.00
Pennsylvania	11.42	10.79	11.43
Pennsylvania Coal Co.	4.12	3.75	4.00
Erie R. R.	4.03	3.91	4.00
Ontario & Western	3.31	3.06	3.10
Coke Bros.	3.94	4.72	3.50
Susquehanna R. R.	1.79	3.02	3.20
Totals	100	100	100

The total output for 1895 was 46,540,670, apportioned, according to the above stated percentage, as follows: Reading, 9,905,059 tons; Lehigh Valley, 7,360,454; Jersey Central, 5,383,194; Delaware, Lackawanna & Western, 6,129,260; Delaware & Hudson, 4,347,843; Pennsylvania, 4,025,625; Pennsylvania Coal Company, 1,746,832; Erie, 1,820,038; Ontario & Western, 1,424,407; Coke Bros., 1,805,784; Susquehanna, 1,492,244.

Life of the Industry.
On the basis of shipments for 1895, the life of the anthracite coal industry is estimated at 109 years, and the percentage of the total future supply to which each railroad or company shall be entitled has already been figured out. The president of the Philadelphia & Reading road estimated the total future output at 5,960,700,000 tons, and a recent report of the Pennsylvania Coal Water commission estimates it at 6,898,000,000 tons. It is believed both estimates are intentionally conservative. The capacity of the mines annually, assuming the year to have 360 working days, is placed at 67,000,000 tons, which is quoted by the mine owners as an excess of about 21,000,000 tons over the quantity required for actual consumption. The result is that if the mines are worked to their capacity this excess lies above ground and ready for market. In order to avoid this, however, and prevent a lowering of prices by an increase of product, the output is restricted as above stated.

Control of the Future Supply
The coal combine controls directly and indirectly 96.29 per cent. of the available future tonnage, as follows: By purchase, 90.93 per cent.; controlled by long term contracts, 3.36 per cent.; by short term contracts, 2 per cent.; leaving 3.71 per cent. uncontrolled and in private hands. The men at the head of the combine have figured out the following allotment of the total future supply to each of the railroads concerned: Delaware, Lackawanna & Western, 6.55 per cent.; Delaware & Hudson, 2.29; Erie, 1.82; Susquehanna, .54; Delaware & Schuylkill, 1.38; Pennsylvania, 6.24; Central of New Jersey, 17.30; Lehigh Valley, 16.87; Reading, 42.25; uncontrolled, 3.71.

These facts indicate that the output will always be controlled so as to bring big profits to the combine.

Excursion Rates to Madison.
On account of the great republican rally at Madison, Wis., on September 23, in which General Daniel E. Sickles, General Franz Sigel, Corporal Tanner and other noted men will participate, the Chicago, Milwaukee & St. Paul Railway will run a special train to Madison, leaving Janesville at seven (7:00) o'clock a. m., on Wednesday, September 23. Leave Madison returning at 4:00 p. m., arriving in Janesville at 5:30 p. m. Fare for the round trip, \$1.60. Tickets are good for return and including September 24. The meeting convenes at 9:30 a. m. and continues up to noon.

YESTERDAY'S CROWD BROKE ALL RECORDS

BIG ATTENDANCE AT THE
COUNTY FAIR.

Between Seven and Eight Thousand People Were on the Grounds, the Assemblage Being Larger Than That of Previous Years—Gossip About the Big Show.

The largest crowd of people that has assembled on the fair grounds in many years, with the exception of the day of Buffalo Bill's show, was present yesterday. Happy Jack was no doubt, the drawing card, and when the little wonder was brought upon the track, the entire south side of the grounds was packed with people, from the poultry house to the amphitheatre. An estimate places the crowd at from 7,000 to 8,000 people, which goes to show that all Rock county needed this year was good weather to make her fair one of the greatest in her history.

ONE of the features of the fair this year was the pony exhibit by W. J. Knapp of Wempeleton, Ill. The exhibit consisted of a 'tally-ho' coach that was driven about the grounds loaded with children—at five cents per ride.

ONE of the stockholders remarked yesterday that they estimated that at least five hundred teams were hitched inside the grounds yesterday.

The exhibits in Domestic hall this year are considered the finest in years, and in many cases the exhibitors have entered for the first time.

The cream candy man had more business yesterday than he could attend to, and at one time there were over fifty standing in line.

HAPPY JACK goes from this city to the state fair, and from Milwaukee he will be sent to the Walworth county fair.

SEVEN young men were admitted into the grounds yesterday at one time, viz. "the board-off-the-fence-route."

OVER twenty hog pens, that have not been opened up in ten years, were put in use during this week.

THE sheep pens had to be doubled up this year, for twice the number of exhibits were received.

CHARLES SUTHERLAND and Arthur Jenkins have been selling tickets at the gate this year.

C. S. CLELAND's exhibit of sheep this year is one of the best ever seen on the grounds.

A motto for working men and women:
"A dollar's worth of dollar for a dollar's worth of work."

THIS DAY IN HISTORY.

1492—Columbus, 40 leagues west of the Canaries and moving rapidly before a strong breeze, noted the great purity of the air.
1567—Founding of St. Augustine, Fla., the oldest town in the United States.
1706—Dr. Samuel Johnson born at Litchfield, England; DR. JOHNSON died 1784.
1772—The first partition of Poland, Russia taking 4,157 square miles, Austria 1,300 and Prussia 1,000; in 1795 they took the rest.
1830—William Hazlitt, English author, died in London; born 1758.
1873—Financial crash in New York; beginning of great panic and five years of "hard times."
1879—Daniel Drew, American capitalist, died in New York city; born at Carmel, N. Y., 1788.
1882—The steamer Asia foundered in a gale on Lake Erie; 15 persons drowned.
1890—Dion Boucicault, actor and playwright, died in New York; born 1822.
1895—Marian Soffen, one of the oldest actresses in America, died at Navesink Highlands, N. J.; born in England in 1810. Cotton States exposition formally opened at Atlanta.

Arkansas and Vermont left the republicans and democrats "one horse apiece." Maine must have made the score about 6 to 1.

It was hoped that the Maine election would make Mr. Bryan decide whether Sewall or Watson was his own, true love.

Wasn't it a mistake to make a spray of golden rod the republican emblem this fall? Think of the effect on the hay fever vote!

REPUBLICAN WARD CAUCUSES.

First Ward.
A caucus of the republican electors of the First ward of the city of Janesville, will be held at the West side fire station on Friday evening, September 18, 1896, at 7:30 o'clock for the purpose of electing seven delegates to the First assembly district convention, which will place in nomination a candidate of the republican party for the office of member of the assembly. By order

New B. & O. Station in Baltimore.
The new passenger station of the B. & O. R. R., at the intersection of Mt. Royal Avenue and Cathedral street, Baltimore, M. D., was opened for business September 1st.

The new station, which will be known as Mt. Royal Station, is one of the finest buildings of its kind in America. It is located in the residential section of the city, and is easily accessible by Street Railway service

from all parts of the town. Candem Station will remain in use as heretofore, and all trains running over the Philadelphia Division will stop at both stations. All tickets to or from Baltimore will be honored to or from either station, and baggage will be checked to either station at the option of the passenger.

GOSSIP FROM THE FAIR GROUNDS

Big Store Set Example

The example that has been set by the Big Store year after year, other merchants are slow in following. J. M. Bostwick & Sons have a beautiful display this year, fully in keeping with their complete and up-to-date stock, and it would do credit to any city. This house loses but few opportunities to keep their names fresh in people's minds. Their efforts in managing such pleasing displays are not in vain judging from the many complimentary remarks that the writer overheard the few minutes he spent in that end of the domestic hall. The rich satins, laces, gloves, etc., contained in the immense show case bring very forcibly to women's minds the quality of goods they are prepared to furnish. The elaborate effects in silk brocades, for upholstery purposes, are but a few of the many they have in stock. The assortment of winter garments on exhibition represented some choice, new things that will be popular. Taken altogether the trim was one of the finest ever put up by them, and added greatly to the fair's success.

A Great Show of Buggies.

The greatest show of buggies that has been on the fair grounds in years is that of the Janesville Carriage Works. They display nineteen efficient jobs and not one has been built especially for the occasion, all being regular stock and taken from their repository, on East Milwaukee street. A vehicle of any kind made by this concern has a name of the highest worth. You often hear men in speaking of a buggy ask whose make it is, and invariably if the answer is the "Janesville Carriage Works," they say: "It will wear and give better satisfaction than most any other make." The exhibit at the fair includes surreys, surreys, traps, phaetons, buggies, pony wagons, pony sleighs and covered open wagons, the finest all around vehicle made, riding easy; stylish and convenient. All interested in fine buggies should not fail to see the display. The verdict of every one who has thus far inspected the lot is that their regular stock is ahead of the usual made to order especially for exhibition buggies.

Shoes at the Fair

One of the displays at the fair that is attracting much attention is the shoe exhibit of Bennett & Cram. The arrangement of the stock, the number of shoes displayed and the fine quality of the goods make it particularly interesting. It's a great many years since a show like it has been seen at the fair. The goods were taken from stock and one can form an idea as to the great variety of styles and makes that are carried in their store on the bridge. Fall patterns in ladies' misses' and children's shoes are very pretty, and their men's shoes for the coming cold season are remarkably tasty and pretty. A number of orders have been taken for shoes at their booth, and doubtless many people will call at their store later, for shoes seen at the fair.

A Combination Display.

Among the displays at the fair this week that are considered the most extensive and as fine as is possible for anyone to have are those made by the Wisconsin Carriage Top Company, and F. A. Taylor. Mr. Taylor has lately made a contract with the Wisconsin Carriage Top Company to handle their make of buggies in the city, and their exhibit of vehicles, as well as some buggies from his repository, are shown under his charges. About fifteen jobs are displayed altogether, including surreys, phaetons, driving buggies, open wagons and the famous Stiver driving wagon. This vehicle should be examined by every horseman interested in buggies, as it is really the finest rig of its kind ever shown in the city. Mr. Taylor also has an agricultural exhibit that is attractive; the Milwaukee and Sterling corn husker and shredder are the principal features, and are both being operated at considerable expense, to show their excellent qualities. Mr. Taylor has the largest display on the grounds, and favorable comments on it come from all sides.

Rendezvous of the Thrifts.

"If two cyclists start from the Aquarium, one who could ride twenty-five miles an hour, at 10 o'clock and the other, who could ride thirty miles an hour, at 10:30, when would they come together?" was the question asked the boys' class by a London teacher the other day.

There was an oppressive silence before little Tommy, who was near the foot of the class, put up his hand, signifying that he had solved the problem without the aid of slate and pencil.

"Well," said the teacher, expectantly, "where would they meet, Tommy?"

"At the first bar they come to!" was the demoralizing reply.—Pick-Me-Up.

Her Gift to Science.

The director of the Lick observatory has received a letter from Miss Caroline W. Bruce, of New York city, enclosing a check for \$1,400 to be expended in purchasing needed apparatus for use at the observatory. This gift, together with that of Hon. W. W. Law, of New York, lately received, makes it possible to carry on important work which would otherwise have to be laid aside.

GOV. HOARD SPEAKS AT FAIR TOMORROW

REPUBLICANS TO HAVE "A DAY" AFTER ALL.

Eloquent Fort Atkinson Man Will Talk to the Farmers From a Farmer's Standpoint and His Address Will Be of His Usual Forceful Nature.

But the republicans are to have a "day at the fair" just the same.

The speaker did not put in an appearance yesterday afternoon, although a telephone message was sent down town, through mistake, saying that Mr. Caswell was addressing the crowd.

Captain W. T. Vankirk, the energetic county chairman, did not disappoint, however, but at once set out to get a speaker for tomorrow, and he was successful.

Ex-Governor W. D. Hoard, of Fort Atkinson, was secured, and he will tell the people all about the political situation tomorrow afternoon. He will discuss the issues as they concern the farmers standpoint. No person in Rock county needs an introduction to Ex-Governor Hoard. His name is legion in this part of the state. As a story teller and a speaker, he has no superiors, as Janesville people who know him, can bear testimony. Don't forget that tomorrow is "republican day" at the fair, and go and hear the eloquent ex-governor speak on the issues of the day.

Plans for the "Spooner meeting" Saturday, September 26 are being perfected. A campaign glee club, organized by Colonel E. O. Kimberly, will sing at the meeting, which will be held at the opera house.

The Value of Advertising.

One of the largest advertisers in London says: "We once hit upon a novel expedient for ascertaining over what area our advertisements were read. We published a couple of half-column 'ads,' in which we purposely misstated half a dozen historical facts. In less than a week we received between 300 and 400 letters from all parts of the country, from people wishing to know why on earth we kept such a consummate idiot, who knew so little about English history. The letters kept pouring in for three or four weeks. It was one of the best paying 'ads' we ever printed, but we did not repeat the experiment, because the one I refer to served its purpose. Our letters came from schoolboys, girls, professors, clergymen, school teachers and, in two instances, from eminent men who have a world-wide reputation. I was more impressed with the value of advertising than I should have been by volumes of theories."

Hard on the Young Man.

A young man came from Europe a few days ago and was admitted. Shortly after his sweetheart arrived, and as she had no money he gave her what he had and she was allowed to land. Then the young man, being penniless, was seized by the immigration authorities and ordered to be deported, on the ground that he was likely to be a charge on the country.

It Doubtless Provoked Applause.

"Brown got off a good thing at the picnic yesterday."
"What was it?"

WHITEHEAD WINS THE NOMINATION

He Is Nominated For State Senator By the Republicans

CHOICE MADE ON THE FORTIETH BALLOT.

The Caswell Men Had Hoped, By Giving a Vote to Whitehead on Each Ballot, to Cause a Break From Mr. Jeffris' Force, to Their Man. But the Plan Failed and Whitehead Won Out.

For Senator—JOHN M. WHITEHEAD The Decisive Ballot.

John M. Whitehead, Janesville, 58 M. G. Jeffris, Janesville, 34 L. B. Caswell, Jr., Port Atkinson, 20 Necessary to a choice, 57.

After a forenoon of balloting, a forenoon of monotonous roll call, John M. Whitehead's nomination was brought about at 11:30 to day. Jefferson county men, who had been coming to his column, one at a time, turned the tide on the fortieth formal ballot.

The convention had adjourned very abruptly last evening when Whitehead

John M. Whitehead

had fifty-three votes and it seemed certain that another ballot would nominate him. The Jefferson county programme during the short evening session had been to add one vote at a time to the Whitehead column, in hopes that the Jeffris forces would break to Caswell to prevent Whitehead's nomination.

There were senatorial delegates around the hotels as early as 8 o'clock this morning, for the Jefferson county forces came in on the "accommodation." The convention didn't meet until 10 o'clock and there were several conferences in the meantime. Strong efforts were made to patch up a combination in favor of a Jefferson county candidate.

When the convention was called to order each assembly district was given the right to pass upon its own proxies and to see that a full vote was cast. The voting began at 10:15 and was as follows:

Ballot.	Whitehead.	Jeffris.	Caswell.
25th.....	45	28	40
30th.....	45	29	38
31st.....	41	33	35
32d.....	45	35	32
33d.....	46	34	32
34th.....	49	21	42
35th.....	47	35	29
36th.....	53	30	29
37th.....	49	34	29
38th.....	54	35	23
39th.....	58	34	20

Cheers Filled the Air.

As 57 votes were enough to nominate, the fortieth ballot was decisive. Hats went into the air, delegates jumped on the seats and a tremendous cheer went up when the ballot was announced. It was several minutes before T. S. Nolan, who had jumped to his feet before Teller Fred Vankirk finished his announcement, could get a hearing. He moved in behalf of Mr. Jeffris to make the nomination unanimous. L. B. Caswell seconded the motion in behalf of Jefferson county. There were three cheers for Whitehead, and then three cheers for "Jefferson county and her staying qualities."

Mr. Whitehead was escorted to the front by T. G. Nolan, L. B. Caswell and W. B. Palmer. He made a very graceful speech of thanks in which he outlined the importance of the campaign and referred to the splendid showing made by his opponents in the race.

Had Worthy Foemen.

"Jefferson county sent a man bearing a name that Rock county has for many years loved to honor," he said, "while my Janesville fellow-candidate is from one of the oldest, strongest, and most useful families in the city."

Brief but well turned remarks were made by Mr. Jeffris, L. B. Caswell, Jr. and L. B. Caswell, Sr. Mr. Caswell voiced the satisfaction of his county over the handsome treatment given her. He was proud to say that Jefferson had never suffered any dishonorable act at the hands of Rock. Mr. Jeffris spoke of the way the delegates had stood "like rocks" through a long contest. "The only difficulty was that Mr. Whitehead had a few more rocks than I had," he remarked amid laughter.

A senatorial committee consisting of George J. Smith, of Jefferson, W. F. Care of Janesville and P. M. Green, of Milton, was named and the convention adjourned sine die.

CHARLES I. SLOAN today filed with County Clerk McIntyre, his resignation of the office of coroner.

WHILE the fates may be against the republicans in the matter of speakers yesterday, it is certain that the weather man is for McKinley.

WESLEY ALLEN has the contract for roofing, with gravel, the Wilson Bros. block, in Edgerton. He has just finished roofing the Charles Banks drug store at that city.

THE Willing Workers society of the Presbyterian church, will hold a baby's reception in the church parlors from 3 to 5 o'clock p. m. Saturday. Admission 10 cents. Everybody invited.

THE play for this evening at the opera house is "My Partner." It is some time since the piece has been seen here and it will be most interesting as produced by the Newell company.

EVERY day adds new and pretty patterns in cloaks and wraps for fall and winter wear and we are in position to offer inducements in prices to early purchasers. T. P. Burns

THE Brotherhood of Railway Trainmen return thanks to Assistant Superintendent F. R. Moulton and to Master Mechanic Whalen for the many favors shown them in arranging for their party last evening.

ANY one can select a nobby cape or jacket at J. M. B-stwick & Sons', make a small payment on it and pay the balance as able. When cold winter sets in you will have gotten the garment all paid for and hardly felt the outlay. They show a beautiful line.

LAST June a ten year old son of Captain and Mrs. Buchholz stepped on a thorn. It was supposed that the entire thorn had been removed, but yesterday the lad's foot began to pain him. Dr. W. H. Judd was called, and removed a piece of the thorn several inches of an inch long. It had been imbedded in the flesh all that time, without the boy's knowing it.

BRIDGE WORK AT A STANDSTILL

Non-Arrival of the Iron Delays the Work at Indian Ford.

The stone work on the new Indian Ford bridge was completed last week ready for the iron structure. The iron is now being gotten out at the shop of the contractor in Milwaukee but it will take a week or ten days before it can be shipped. In the mean time everything will be at a standstill there. The contract calls for the bridge to be complete by October and if the iron comes along as is expected the new structure will be open at that time.

LAUNDRYMEN ARE FOR MCKINLEY

Straw Vote Taken at the Chicago Convention Went All One Way.

A straw vote was taken at the Laundrymen's National convention at Chicago, and out of 250 votes cast, 220 were for McKinley. So says Charles Stanton, of this city, who attended the session.

CROWD AT THE FAIR WAS SMALL TODAY

FREE SILVER SPEECH NOT A DRAWING CARD.

The Rain Interfered, Also, and the Crowd Was Small in Comparison With That of Yesterday—The Big Show Ends Tomorrow and the Program is Attractive.

There was no great outpouring of people at the fair today, and it the people of Rock county are interested in free silver, they are keeping the fact a dead secret.

True, the weather was not favorable, and during the afternoon considerable rain fell, but be the causes what they may, the fact remains that the attendance was not nearly so large. Yesterday 8,000 people attended; today the crowd was small.

B. M. Richmond, of Madison, who formerly stumped the state in behalf of prohibition was the speaker, and free silver was the theme assigned him.

It was too bad that the weather should be so disagreeable when all other prospects for the fair were so bright, but people couldn't help it, so they grinned and made the best of it.

Tomorrow, it is hoped, the attendance will be much larger. The fact, that ex-Governor Hoard is to speak, will probably be a drawing card.

The Races Today.

The races today were interesting. Beside the unfinished race, there were three contests; for 2:40 trotters, for 2:30 pacers, and three-minute trotters and pacers.

The entries:

2:40 CLASS TROTTER.

Eva S., William Stone, Clinton.

Helen J., Joe Head, Janesville.

Herdiechka, G. C. Walsh, Elkhorn.

Sphinx, Uhlen Bros., Milwaukee.

Minnie Partidge, J. L. Fisher, city.

Belle Todd, Z. B. Sturtevant, Rockford.

Lady E., E. Weeks, Rockford.

3:00 CLASS TROT AND PACE.

Molly R., Joe Head, Janesville.

Jno. F., W. Briggs, Racine.

Rurimus, A. D. Briggs, Milwaukee.

Dick Bassett, George Seaciff, Janesville.

Clara M., Daniel Jones, Evansville.

Program For Tomorrow.

The program for tomorrow will be an attractive one. The announcement that Ex-Governor W. D. Hoard is to speak will be sufficient to draw a big crowd, but there will be other attractions too numerous to mention. The races will be a feature, the contests being for 2:20 trotters or pacers, and the 2:30 trotting class. Happy Jack will also go against his record. Yesterday's races were hot contests and resulted:

BEATEN AND ROBBED BY TWO FOOTPADS

LOUIS SNYDER HELD UP AND "SLUGGED."

Couple of Thugs Attacked Him Near Bahr's Hotel at Midnight Last Night, and After Handling Him Roughly, Stole His Pocketbook—Police Suspect Local Talent.

Louis Snyder, who resides on the William Caus farm, near Johnstown Center, was "slugged" and robbed at 12:15 o'clock this morning, at the corner of Milwaukee and Academy streets.

Two unknown men did the job, and then made good their escape.

Mr. Snyder came to town yesterday and stopped at William Bahr's hotel, at the corner of West Milwaukee and Academy streets. He spent the day at the fair, and returned to the city in time for supper. Later, he came down town, remaining until nearly midnight. At 12 o'clock he started for the hotel.

When he reached the corner, he was confronted by two strangers. The taller and heavier man of the two then approached Snyder as he was about to knock at the door. Throwing his arm about Snyder's neck the man said:

"I am Officer Hogan and I want you to come along with me."

Before Snyder realized the situation, and before he could call for help, he was dealt two stinging blows in the face, knocking him down. He fell in the gutter, and the two men then jumped on him. The smaller of the two men then "went through" Snyder's pockets, and relieved him of his pocketbook containing \$9 in money. The two men then ran down Academy street.

Snyder was painfully bruised, and his face and clothes were covered with blood.

From the description given, Chief of Police Aheson is well satisfied that local men did the job, and arrests may follow at any moment.

A WOMAN'S PLEA FOR HONOR.

All Mothers Should Use Influence In McKinley's Behalf.

EDITOR GAZETTE:—I was much amused in your representation of Bryan and the dollar he would like to give us. "In God we trust—for the other 47 cents." Though a woman, yet I feel the deepest interest in the preservation of our honor and the nation's honor. When but a lass, and of course unable to take up arms in defense of our country, I lent a helping hand on the battle field in nursing and caring for the noble wounded who were butchered in "the late unpleasantness." And now though I have no vote I can take up arms in behalf of the noble work before us. When our gallant Washington was presented to honored hosts after the declaration of independence, he stood honored and praised by all, yet in his noble nature, he said: "Give all praise and honor to my dear mother." To mothers, sisters, wives, all—let us take up arms and influence every vote possible for our Second Washington, our noble William McKinley.

FASHIONABLE TRIMMINGS.

Metallic and Jewel Effects Easily Attainable by One's Own Efforts.

Now that embroidery, braiding and spangling are in fashion for dress ornamentation, women of moderate income, who have time for pretty needlework, can create beautiful and valuable trimmings for their gowns as are worn by fortune's extreme favorites. Spangles and small imitation jewels are inexpensive and the galloon and passementerie made of them are expensive and very much a la mode. The work requires patience and time rather than great skill, and its possibilities are wide. A plain galloon, woven in a pattern, may be transformed by the addition of beads, sequins and jewels sewed on to follow the design. Effective trimming has also been obtained by using dressed ribbon of a rather pronounced figure as a foundation, beads and spangles being applied to the pattern in suitable gradations of color. This style of enrichment is not confined to bands, but may be utilized for goods having an all over pattern, to be used for tabliers, vests, sleeves and revers. Metallic and jewel effects continue to be highly favored, and it is not likely that the preference for brilliant trimmings will give way very soon to the opposite extreme of oppressive quietness, as these decided changes require time for their operation.

CEREMONIAL COSTUME.

The liking for something quaint and out of date in the fashionable sense of the term has caused a revival of old time laces, and lama lace is again seen, as well as Irish guipure, valenciennes and thread lace. There is a charm about thread lace that is due rather to its name and associations than to its intrinsic beauty, and an old world elegance that is peculiarly pleasing. The picture shows an elaborate costume of green and black striped silk. It is cut in the princess fashion, the sides of the skirt being adorned with coquilles of black plaited gauze. Similar coquilles are carried down the sides of the bodice and extend some distance upon the tablier. There is a square yoke of black guipure embroidered with gold and steel, the guipure being laid over green satin. The draped sleeves are of black silk gauze over green satin and are ornamented with bows of green satin.

JUDIC CHOLLET.

GLOVES AND CORSETS.

The Latter Are Generally Much Too Long For the Wearer.

Always in putting on a new glove turn it back an inch below the opening and gently insert the fingers, working them well in, then the thumb. Afterward the entire glove must be drawn on from the back only. Then button it, beginning with the second button and ending with the first. Always draw gloves off from the wrists, in order that they may be turned inside out, in which position leave them until aired. Then turn and lay full length in a box. Always mend gloves with fine, colored cotton, not silk, as the latter cuts the kid. Always resew the buttons of new gloves, as they are generally simply tacked on. Always put gloves on well powdered hands in hot weather.

EVENING GOWN.

The majority of women wear a corset much too long. When a stout woman does so in the hope of lengthening her waist, the usual result is merely to push the fullness of the figure up under the chin and thus destroy all symmetry of form. When a thin woman wears a long corset, she sacrifices all her contour and looks like a wooden doll. Unless a woman is a mere skeleton, she will look better for retaining more semblance of the natural figure, which is soft and yielding looking even when it is not particularly beautiful. Frenchwomen know this and wear short corsets, as a rule, the corset being sometimes hardly more than a girdle. This is cooler in warm weather, allows more freedom of movement and gives a more pleasing effect, while the protuberance of the steels at the shoulders behind is avoided.

The illustration shows an evening gown having a plain skirt of pink glace taffeta. The full bodice of cream mousseline de soie is partly covered by a Marie Antoinette fichu of the same material having two frills on the edge. This comes to the waist and falls in long ends on the skirt at the back. The décolletage is surrounded by a thick garland of roses, a large cluster being placed on each shoulder.

The Force of Habit.

Teacher—Your additions are wrong every time. Is there no one to help you at home?

"But he always makes the answer too big. What is he, then?"
"A waiter."
"Ah! I see."—Schöne Blaué Donau.

SHE RODE A DOUBLE CENTURY.

A Denver Wheelwoman Accomplishes a Remarkable Feat.

Denver glories in many record-breaking wheelmen and also in one record-breaking wheelwoman. Mrs. Rinehart, a society beauty, who recently rode a double century in twenty and one-third hours. The "Cycling West" says this is the first time a woman has made such a ride, that few men are able to accomplish the feat, and that no Coloradoan has ever done it. Mrs. Rinehart left her home in Denver Wednesday morning a week ago at 4:05 and completed her first century over the Evans course at 12:45, or eight hours and forty minutes for the trip. After lunch and a rest of an hour, she started at 1:45 p. m. for the second half of her ride. She rode to Plattville, thirty-six miles, and returned to Denver making seventy-two miles and completed the balance of the double century on the Littleton course. When she had finished at 12:45 Thursday morning her cyclometer registered 203 miles. She endured many hardships especially on the last century. Before going fifteen miles on the Plattville road, and after making 113 miles, she encountered a rain storm. This continued until she found herself pushing through isolated mud holes and immense stretches of water, which submerged the road in many places. The last thirty miles was where her great pluck and endurance were brought into play. The distance was done in inky darkness. She was accompanied by her husband, who would have gladly relinquished any glory to sit beside a fire in a comfortable home in preference to braving the big electrical storm which swept over Denver on that night, sending sheets of rain in the faces of pedestrians and covering the road with shimmering pools of water, discernible only when a flash of lightning lit up the road ahead. To make matters worse Mrs. Rinehart's tire punctured on the Littleton course and she rode fifteen miles on a flat tire. To summarize the time and conditions of her ride she made 203 miles in twenty hours and twenty minutes; rode first century in 8:40, second in 10:40; fifty miles were ridden in rain, darkness and mud; she was alone for 172 miles of the trip; had only twenty-three miles of favorable wind, and rode fifteen miles on a flat tire.—Kansas City Star.

A Hole Through the Moon.

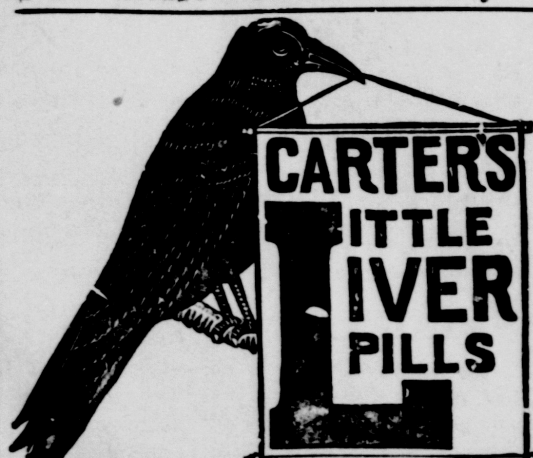

Do the readers of the Republic in general know that there are and have been a great many brilliant astronomers of the present and past who believe and have believed that there is a great hole running entirely through the moon? Bishop Vraun, 1721, says: "Again on Sept. 12 I turned the glass toward the moon and saw what I was sure was a great cavity extending through the moon's body; and on the next night but one, Rector Jacob, who was with me, declared that to his view the hole was luminous, as though extending into the moon's burning interior." Again in 1778 Admiral Ulloa and his companions perceived the same phenomenon during an eclipse, being able to look through the hole, at the sun's disk just as though it were a gigantic bead. At the time of the solar eclipse of July, 1860, Bout and Mannheim, French astronomers stationed in Algeria, observed and noted the same wonder. In 1842 M. Valz of Marseilles also saw it. The Scientific Annual for 1862 also mentions it on page 388 and closes by saying: "The only explanation possible would be that the moon is pierced by a hole."—St. Louis Republic.

Some Odd Names.

For the past few years we have taken the trouble to keep a list of the odd names that have from time to time appeared in the newspapers. Below we give a few examples: J. Thad Toadvine, Marcel Tullul Glassback, Charles Highwall, Ludocovich Katz Von Kottek, Proget Sypher, Jacob D. Turnipseed, John R. Cabbage, T. Mettacalf, Ludwig Bloodred, Chaloner Alabaster, Julius Courage and James E. Where. First Lieutenant Sourherring has been reported from Belgium, and Herr Jacob Jackass from Germany, but it is not believed that such persons actually exist. The two names are given, however, in one of the best publications in the United States—Gould's Notes and Queries, Manchester, N. H.

SHAKERS AND DOCTORS TALK TOGETHER.

In his able work entitled "Longevity," published a few years ago, Dr. John Gardner, of England, predicts that a vegetable agent will yet be found that will so retard those changes that bring about old age as to prolong human life much beyond its present limit. Acting, perhaps, upon the impulse produced by this thought, many eminent physicians have called from time to time upon the Shakers of Mt. Lebanon to inquire of them concerning the secrets of medicinal plants, in which these sincere, simple-minded and God-fearing people are known to be wise and skillful beyond all other men.

The Shakers willingly told what they had learned, and in return had received from their visitors much valuable information about disease; which they at once made practical use of. The most important point was that if a genuine and certain remedy could be found for indigestion and dyspepsia, and the ailments growing out of it, a long step would be taken in the right direction. Old age, said these physicians, begins in a failure of the digestion, and so do most diseases at any and all periods of life. The result of these consultations was the discovery by the Shakers of the desired specific, made wholly from herbs, and now known as the Shaker Digestive Cordial. Its action is magical and worthy of its origin.

When there is distress after eating, heart-burn, sick headache, bad taste in the mouth, biliousness, weakness or weariness, cold hands and feet, aversion to food, nervousness, or any other symptom of dyspepsia, the Cordial will prove its curative virtues. Behind it is the reputation of a people who have never defrauded or deceived their fellow men.

In order to test whether this remedy is adapted to your case, at practically no cost, you may procure a trial bottle for ten cents of all druggists.

Emblems Signifying Excellence.

In England a certain emblem known as the "Hall mark" is placed upon articles to signify that they are made of Sterling silver, and this mark is proof to the prospective purchaser that he is getting metal of the first grade. It would be absurd to place this mark on articles made of metals varying in purity.

REUNION AT ANTIETAM.

Blue and Gray Join in Doing Honor to the Old Philadelphia Brigade.

Hagerstown, Md., Sept. 18.—The men who wore the blue and the men who wore the gray at the Antietam battle met here Thursday to do honor to the dead of the old Philadelphia brigade. A special train from Washington brought Govs. Hastings of Pennsylvania and Lowndes of Maryland, together with other distinguished men, who had taken part in the preliminary celebration held in the capitol yesterday.

On the Hagerstown turnpike, about 200 yards from the historic old Dunkards' church, the monument stands. Here fell 545 men of the Philadelphia brigade. To perpetuate their memory their surviving comrades had erected a beautiful shaft of Vermont marble, seventy-five feet from base to summit. The base itself is fourteen feet wide, twenty-two feet high and has a die six feet square, upon which is inscribed a brief epitome of the deeds of the men who fell upon the spot. The cost of the monument was \$15,000, while the site cost \$10,000.

More Gold Coming This Way.

New York, Sept. 18.—Lazard Freres have engaged an additional \$4,000,000 in gold for import to this country.

Gov. Altgeld at Champaign, Ill.

Champaign, Ill., Sept. 18.—The democrats of Champaign county held a mass-meeting in this city Thursday, and it was by far the largest gathering of democrats ever seen in this county. There was a torchlight procession at night, and it was followed with speaking by Judge William Prentiss of Chicago. Gov. Altgeld was the speaker of the afternoon, and he was heard by a great crowd of people.

Sibley Named for Congress.

Erie, Pa., Sept. 18.—Joseph C. Sibley was formally nominated by the democratic party for congress from this district. The populist conferees met at Union City last Saturday and placed Mr. Sibley in nomination as their candidate for congress.

Solon Chase for Silver.

Amesbury, Mass., Sept. 18.—Solon Chase, the old-time New England greenback leader, has issued a statement on the political situation. He favors the free coinage of silver.

Ontonagon's Correct Fire Loss.

Ontonagon, Mich., Sept. 18.—Ever since the conflagration here last month underwriters have been trying to get a complete list of the losses. Owing to the fact that many original policies and agent's records were burned this was not possible until now. The companies are losers \$628,568. Of this \$257,900 was on general property. Just seventy insurance companies were losers.

Sea Bathing.

There are several rules which one should keep in mind with regard to bathing at the seashore. A strong and vigorous person may bathe early in the morning before breakfast, but young children and those not strong should not bathe until more than two hours after eating. Avoid bathing when the body is cooling after perspiration. Leave the water immediately if the slightest feeling of chilliness is observed. Persons whose hands and feet have feeling of numbness and cold after being in the water a short time should not bathe in the open air. Do not bathe when tired.

Michigan Mines Shut Down.

Marquette, Mich., Sept. 18.—Superintendent Walters has received instructions from Cleveland to close the Lake Angelina mine Sept. 26 for an indefinite period. Five hundred men will be thrown out of employment. The Lake Angelina has been operated with less interruption than any mine in this district. The reason now given for the shutdown is stringency in the money market. All the other big mines will follow suit.

Government Circular on Banks.

Washington, Sept. 18.—In a few days United States treasury circular No. 136 will be issued. It contains information respecting national banks, state banks, savings banks, loan and trust companies and private banks of the United States, compiled from reports of the comptroller of the currency. It will be furnished free to anyone applying for it, but not more than one copy to each applicant.

Coinage of Silver Pays.

Washington, Sept. 18.—A statement prepared at the mint bureau shows that the silver coinage during the month of August aggregated \$2,650,000. This yielded to the government a profit or seigniorage of \$822,027.03, which represents the difference between the cost of the silver when purchased and the coinage value.

Senator John H. Gear Speaks at Lenox, Iowa.

Lenox, Iowa, Sept. 18.—Senator John H. Gear spoke in the opera house Thursday to 1,000 people. Gear's utterances on gold and protection were frequently cheered.

Tynan Is a Naturalized American.

New York, Sept. 18.—The records of the court of common pleas show that P. J. P. Tynan, the dynamite suspect under arrest in France, has been a citizen of the United States since August, 1888.

New Gold Fields Discovered.

St. Johns, N. F., Sept. 18.—Gold has been discovered in Ferryland, south of St. Johns, and is claimed to be in paying quantities. Prospectors are flocking thither.

Sweet, Orr & Co.

THE CELEBRATED
ORR PANTALOOON OVERALL
WARRANTED NEVER TO RIP.

Stranger—"What does the above picture represent?"

Mechanic—"These men are testing the strength of the famous ORR PANTALOOON OVERALLS, manufactured by SWEET, ORR & CO., which is guaranteed by them to be so strongly sewed that three times as many men could not pull them apart."

Stranger—"This is wonderful! What other merits has the garment?"

Mechanic—"Well, I have been wearing this Overall for many years, and it is the only one I have ever seen which always fits perfectly about the hips and gives plenty of seat room, to that no binding is felt by the wearer, no matter what position he may assume. You will notice, also, that these Overalls are double sewed all through, both on the outside and on the inside leg seams, and this is a point to be particularly noticed. Thus, you will see, it is impossible for these Overalls to rip, and the manufacturers can well guarantee them, which they do, Never to Rip."

Stranger—"What further?"

Mechanic—"Observe the buttons. You may be sure that your wife will never be called upon to sew them on again. Also SWEET, ORR & CO. never use any seconds in their goods, but always the first quality, so that a thousand pair or a hundred thousand always run exactly like one pair."

Stranger—"I suppose there are imitation goods in the market?"

Mechanic—"You may be sure of that, so you must always look for the button and see that SWEET, ORR & CO. is stamped upon it."

Stranger—"Are there any other kinds of goods manufactured by this firm?"

Mechanic—"I should say so; why, they make the best cottonade pants, jean pants, wool and corduroy pants, and working shirts ever offered to the working-man. There is no fifteen-dollar pair of pants better finished than the Cottonade and Jean Pants manufactured by this firm and retailed by the trade at \$1.50 and \$2.00.

These goods are sold by.....
